

Year R/1/2: Oulton

Homework Challenges - Summer 1: Journeys

	Challenge	Date Completed	Parental Comment
1	Go on a journey with your family – it could be by foot, bike, car or public transport. Take photos of your journey or create a journey stick to share with the class.		
2	Create a bar graph and tally chart to show the different types of transport you see at the weekend. Which is the most popular? Why do you think that is?		
3	Create a treasure map! Remember to list positional and directional language to help the rest of Oulton class find the treasure.		
4	Research a famous historical journey. Write down 10 facts about it. Can you find the most interesting journey?		
5	Imagine you are on a magic carpet. Write us a story about your adventures.		
6	Plan your own journey. If you could go anywhere in the world where would you go? How would you get there? How long would it take? How many miles would you travel etc.
